

A. UCI REGULATIONS – TITLE 2, CHAPTER XVII

You will find on the UCI website the rules relative to the 2018 registration for UCI Continental Teams and UCI Women's Teams.

The website is separated in two parts that allow you to consult the **Regulations currently in force**, on the left side, and to see the latest **Rules amendements** on the right side.

Here is the full link to the UCI Regulations welcome page : [http://www.uci.ch/inside-uci/
rules-and-regulations/regulations/](http://www.uci.ch/inside-uci/rules-and-regulations/regulations/)

Please take note of the following regulatory changes that came into force during the season:

2.17.033 On or before 31 October of each year, the national federation shall send to the UCI the list of teams which it intends to register as UCI continental and women's teams for the following year. The complete registration documentation must be submitted to the UCI, via the national federation to arrive after 1 October and no later than 10 November. The registration fee must be paid to the UCI no later than 1 November.

Only a team whose application for a UCI professional continental team has been rejected can file, via the national federation, a demand for registration as continental team outside this term. The national federation must inform UCI that it received such request at the latest 10 days after the team has received the decision that registration as professional continental team is refused. In that event, the administration of the UCI will set the term to establish a registration file.

(text modified on 1.07.10; 1.05.17).

2.17.040 The UCI shall have the right to refuse or withdraw the registration of a team which does not meet all the minimum conditions set in the present regulations or by another regulatory provision.

Notwithstanding the above, in the event of delay in payment and/or receipt of the registration file by the UCI, the registration fee shall be automatically increased up to CHF 100 per day. Furthermore, without prejudice to article 2.17.038, the UCI will not proceed with the registration of the team without receipt of the entire application for registration and full settlement of all registration fees, including any applicable increases.

Moreover, the team may only claim the rights related to the UCI continental team or women's team status once its registration has been granted, in particular concerning the provisions set out in article 2.1.007 bis.

Furthermore, the UCI may pass on the case to the Disciplinary Commission, which may order, in addition to the penalties set out in title 12 of the UCI Regulations, that the national federation in question is deprived of its right to register UCI road teams for a period which it may determine.

C-2. INSTRUCTIONS FOR DRAWING UP THE BUDGET FOR THE SEASON

TEAM :

- 1** Indicate the currency in which the budget is made out (in principle the currency of the country of the team representative). The figures can be expressed in thousands, in which case this must be specified (thousand EUR or KEUR, for example)
- 2** The budget must be presented along with the figures for the preceding (current) season for comparison. If possible, the team will draw up an annual projection (estimate) on the basis of the documents in its possession at the time that the registration documentation is being prepared. Otherwise, comparisons will be made with the budget for the current season.
- 3** For each item where it is necessary to understand the budget, the team will make a brief comment on the heading concerned. In particular, justification should be given for significant differences from the figures for the preceding season.
- 4** Indicate the total cash contributions to be received from sponsors during the season (must correspond to the total of the contracts of which a copy is included in the documentation). If there are multiple sponsors, it is worth drawing up a list of the sums to be received from each.
- 5** Same remark as for the sponsors.
- 6** Services in kind are in principle not valued, but are mentioned purely for the record, indicating the type of services which are covered by a contract "in kind".
- 7** Specify the subject. In principle, the budget must rely solely on secure income (e.g. contracts signed with sponsors). Income which is uncertain or conditional (e.g. bonus from a sponsor on the basis of results) should be excluded, unless they cover expenditure of the same type (e.g. bonuses for riders).
- 8** Some lines are left free for headings which are not included in the standard model - and can be used as desired by teams (stating the type of income or of expenditure).
- 9** Total gross salaries payable by the team under the contracts and agreement signed. May include a reserve for future commitments. The total amount under this heading must correspond to the total from the list of riders (D-1).
- 10** Ditto for other persons employed by the team. May include a reserve for ad hoc services (temporary staff, etc.).
- 11** Other remuneration due under contracts, in particular premiums and bonuses that the team has undertaken to pay on the basis of results.
- 12** Employer's contribution to the staff's social charges (corresponds in general to the contributions which are due by law under the social security system).
- 13** Reimbursement of expenses to riders and other staff of expenses arising from their activity for the team (travel, hotels, meals, etc.)
- 14** Bonuses paid by the team, in particular the insurance coverage required under the UCI Regulations: treatment costs for sickness or accident, repatriation, civil responsibility.
- 15** Training camps, races, equipment, clothing, food, medical monitoring, etc.
- 16** Fuel, insurance and taxes, maintenance, accessories, rental, etc. (excluding depreciation, which has its own separate heading).
- 17** Office expenses, rental, fees, taxes, etc.
- 18** Subscriptions and licence fees paid to the national federations, the UCI and other sports bodies.
- 19** Interest and charges paid to the bank and other providers of finance.
- 20** Interests received on bank deposits, income from the assets of the team.
- 21** Depreciation on vehicles and equipment belonging to the team (investments are to be shown under a separate heading).
- 22** Increases and reductions in reserves for contingencies and expenses (e.g. provision for dispute with a rider).
- 23** Information on the investments planned for the team's activities. In all cases, an explanation of how these assets are to be financed is required.
- 24** Makes it possible to check that the team's own funds are adequate.

**J. TABLE OF ANOMALIES WHICH MAY BE FOUND
ON ANALYSIS OF UCI TEAMS FILES,
WITH AN ASSESSMENT OF DEGREE OF SEVERITY
(for information only, the national federation alone is responsible
for assessment of the risk)**

PROBLEM	BLOCKING PROBLEM (non-conformity which could jeopardise the team's registration)	ANOMALY (less serious problem to be resolved by the team within a period set by the NF)	OTHER FINDINGS (particular points to which the NF would like to draw attention)
Documentation	The documentation received from the team is to a large extent incomplete, does not enable the NF to make a decision Certain basic documents are missing (e.g. bank guarantee, rider contracts)	Certain documents are still awaiting finalisation (signatures, corrections to be made, etc.)	The documentation arrived very late, making it difficult for the NF to make checks
Team structure	According to UCI Regulations, the team nationality is not that of the NF to whom the file has been submitted	The legal form is incorrect, or the team name is not that of a partner	
	The team does not have enough riders	The team has too many riders, some contracts are in the process of being cancelled	
	The team does not have a main sports director.		
Accounts, finances	The balance sheet shows a significant level of indebtedness, the representative does not propose any restructuring measures, survival of the team is threatened	The team has not been able to submit annual accounts in proper and due form (if required by law)	The balance sheet shows indebtedness, but the necessary restructuring measures have been implemented
	The auditor's report mentions serious irregularities or difficulties, the financial equilibrium is not guaranteed	The auditor's report has not been presented (if required by law)	
Budget	The budget is not balanced, the operation of the team for the season is not guaranteed		The budget has a deficit but capital and the representative's funding allow sufficient coverage
	Taking into account the necessary investments, the financial equilibrium is not guaranteed		A balanced budget is not guaranteed, but the team is covered by a guarantee given by the main sponsor
	The level of conditional income (e.g. payment undertakings, merchandising, etc.) is too high, sufficient coverage for expenditure is not guaranteed		
	The budget is not plausible (e.g. the operating costs of the team are under-estimated), the budgeted income is probably inadequate		

PROBLEM	BLOCKING PROBLEM (non-conformity which could jeopardise the team's registration)	ANOMALY (less serious problem to be resolved by the team within a period set by the NF)	OTHER FINDINGS (particular points to which the NF would like to draw attention)
Sponsors	Contracts with the main partners have not been submitted or signed, budget equilibrium cannot be guaranteed	Some contracts are missing or cause problems, but these do not account for a significant proportion of the income (budget not in danger)	The contract with the sponsor contains conditional or special clauses
Contracts	The team has not presented a contract or agreement to the riders (or no contract has been signed, or only a reduced number of contracts have been filed)	The contracts of 2 or 3 riders have not yet been finalised	
	The contracts do not contain the minimum clauses required by the regulations, and do not guarantee the rights of the riders	Some contracts must be completed/corrected	The contracts are not entirely compliant, but the team undertakes in writing to observe the minimum requirements of the UCI
	The contracts do not comply with labour law (serious violations)	Riders XYZ are not on the list of riders	
Insurance	The insurance coverage specified by the regulations has not been set up or checked by the team	The insurance coverage is insufficient or non-compliant for riders Y, B and D	
		The insurance contracts are being finalised, which is confirmed by the insurance company	
Bank guarantee	The bank guarantee has not been supplied, or the amount is clearly inadequate	The amount of the guarantee is insufficient, the team has produced a letter from the bank confirming that an amendment is in progress	
	The text of the guarantee does not comply with the example	The text of the guarantee does not comply with the example, the bank confirms that the amendment is in progress	
	The bank providing the guarantee is not offering all pledges of security/reputation		The bank is not on the list presented by the UCI, but its reputation and solidity are beyond doubt
